

Christina Ashley

Founder,
Mastering Etiquette for Leadership Success

ABOUT

Christina Ashley is the Founder of **Mastering Etiquette for Leadership Success** (ME), a premier training experience dedicated to shaping polished, confident, and purpose-driven student leaders. With more than ten years of experience in higher education, leadership development, and professional training, Christina has partnered with institutions such as Morehouse College, Spelman College, and the Media Sales Institute to equip emerging leaders with the soft skills and executive presence needed to excel.

Through her work, Christina empowers students to lead with excellence, show up with class, and represent their institutions with pride. She is known for her dynamic teaching style, warm energy, and her ability to connect with students in a way that inspires transformation. Her proprietary ME Framework blends modern social intelligence with classic etiquette foundations, producing leaders who not only show up prepared but outperform expectations in professional and social settings.

ME's mission is to develop culturally confident, career-ready leaders through high-impact etiquette and leadership training that bridges the gap between education and excellence. We believe preparation meets purpose when students are equipped with the tools to lead, influence, and thrive—with class.
